

Weinmann

Always in close touch

3506-09-EN-0809-2

Weinmann Medical Technology offers diagnostic, therapeutic and life-saving devices and systems solutions of high quality.

We concentrate on the product lines Homecare, Emergency and Diagnostics. The experience gained in more than 130 years and our closeness to users make up the strong foundation for our positive development. Now more than 500 highly skilled employees contribute their know-how to making things happen.

Today we market our products in more than 55 countries with assistance from our branches in St. Petersburg, Paris-Igny, Shanghai, Neuenhof near Zurich; representatives in Singapore and Venezuela and partners in many other key markets. There we offer an extensive network of contacts who stand ready to advise our customers, handle their requests and provide service.

History: Founded by Gottlieb Weinmann in Ludwigshafen in 1874, the company specialized in the production of precision mechanical fittings for oxygen devices. The extensive expansion of the medical technology palette came after Karl and Vera Feldhahn assumed control of the company and continued after Dr. Joachim Griefahn joined Weinmann at the end of the 1960s.

Innovations such as the Quick-O₂-Med emergency medical case, the ULM cases for first aid treatment of emergency patients and the ventilators in the MEDUMAT family made their mark on the emergency medicine market. In 1977 the company moved to Hamburg-Stellingen, which still serves as headquarters today.

The Homecare segment was added at the end of the 1980s when Weinmann became the first German manufacturer of a CPAP device for the treatment of sleep apnea. Dr. Karl-Andreas Feldhahn, the son of Karl and Vera Feldhahn, joined Weinmann at the start of the 1990s. He and his partner, Marc Griefahn, who replaced his father in 2004, share management responsibility.

The company continues to grow. Among the group's important strategic partners are MCC – Measure, Check & Control (Karlsruhe) and Corscience (Erlangen).

Features of our systems

- innovative
- long-lasting
- outstanding price/performance ratio

- Weinmann quality as evidenced by:

Certified Quality Management System meeting EC directive 93/42/EEC, Annex II (EN ISO 9001:2000/EN ISO 13485)
