## Management Change

Datum: 21.11.2006

---

## Detlef Röseler is the new Homecare Manager

HAMBURG - Frank Mathé, Business Unit Homecare Manager, will leave Weinmann Geräte für Medizin GmbH + Co. KG at the end of the year to become the managing director of the German branch of a British medical product concern.

Mr. Mathé, who has been at Weinmann since January 2004, is responsible in part for the company's trend-setting expansion and new orientation of marketing and sales activities. His firm commitment and leadership in the homecare area have contributed greatly to the company's success and its annual growth of 15% on average.

Detlef Röseler has been named to replace Mr. Mathé. Since 2004 he has been working in the Homecare Business Unit as the manager responsible for health insurance contract administration.

Mr. Röseler will step into the management position on 1 January 2007, thus ensuring continuity in Homecare development. Managing Partner Marc Griefahn said, "We are sorry to see Frank Mathé leave us, but we wish him all the best. We have a long and trusting relationship with his successor. Detlef Röseler is an outstanding manager with extensive knowledge of the market. He will undoubtedly bring in new ideas and turn them into reality."
